

This one-bedroom apartment is just for you if you want a place to go for silence and prayer that is not far from home. Saint Angela Merici founded the Ursuline Sisters in Brescia, Italy, in 1535. She had a deep and abiding love relationship with God. The Ursuline Sisters believe that Angela is pleased to have this sacred space dedicated for the purpose of prayer, solitude and silence.

The self-contained apartment (living room, kitchen, bath, bedroom) is attached to the rear of the Ursuline Motherhouse and has its own separate entrance.

The space is simple, has a cd player and relaxing CD's, art materials and a few books. The spacious grounds of the Ursuline Campus are available for a safe place to walk and to appreciate nature. There are really no "rules" for Angela's Room except that you come with a desire to pray and that the space is treated with reverence and respect. Reservations will be accepted on a first come/first served basis.
